WORK EXPERIENCE

MAKER LAB ASSISTANT / ON CAMPUS 2016-2018
ABILENE, TX
The maker lab is a space for students and people of the Abilene community to come and use a variety of tools or machines to create different things. I assisted people using the machinery, tools, and different programs that go along with this process. Some of these include autocad, v-carve pro, sketchup, adobe illustrator, adobe photoshop, adobe indesign, CnC router, epilog laser cutter, and 3D printers.

ACU LIBRARY RENOVATION 2016
ABILENE, TX
I assited in renovating the interior of my universities library. I helped design the ceiling using Princeton's library as a case study

COLLEGE INTERNSHIP: CADCO ARCHITECTS & ENGINEERS / SUMMER 2017
ABILENE, TX
I had the luxury of interning at CADCO ARCHITECTS & ENGINEERS for a paid internship. My job involved as builds for a high school renovation project in Eastland, TX. As builds consisted of measuring and completeing exsiting construction documents. Interior design changes were made to these documents.
